

Many changes have taken place at Big Park Community School over the summer.

It is exciting to kick-off the school year with significant campus improvements!

Construction work that has taken place brings a variety of **renovations and upgrades:**

New Multi-Purpose Building

- **New Parking Lot**
 - o Circulation has changed
 - o K-5 drop-off is on the north side of parking lot
 - o 6-8 drop-off is on the south side of parking lot
 - o Please pay attention to signage!

- **New Multi-Purpose Building**
 - o Center of campus
 - o New plaza area with sidewalks and benches

- **New S.T.E.M. Lab**
 - o Located in Building C

- **Two New Classrooms**
 - o Located in Building A
- **All Classrooms** have Smart Boards and new carpet
- **Library is Renovated** and has a new Smart Board

- **Cafeteria Expansion is Complete**
 - o Has more seating

- **New Play Area**
 - o New bridge over the wash by Building C
 - o Leads to new basketball court and grassy play area

- **Gymnasium has new skylights for energy efficiency**

- **Photovoltaics** (solar generating plant)
 - o Has been in operations since May 20th

- **Door Exterior Hardware** Replaced with New Locks

Current or future campus upgrades include:

- Three new storage areas
 - 1) by ballfield
 - 2) between gym & library
 - 3) enclose existing area by the central plant building
- Roof drainage repair
- Playground surface
- Plumbing fixture upgrades
- Fencing
- Playground material
- Miscellaneous site work
