

Many changes have taken place at Red Rock High School over the summer.

It is exciting to kick-off the school year with significant campus improvements!

Construction work that has taken place brings a variety of *renovations and upgrades:*

Additional Classroom Building

- Two new classroom buildings containing 10 classrooms
- Additional parking by the tennis courts

Current or future campus upgrades include:

- Replace heat pump air conditioning units
- Fix and replace sidewalks
- Resurface the parking lots
- Complete the Aux Gym
- Complete the Amphitheater
- Reroof flat roof areas

- Shade structures at the tennis courts
- Replaced the carpet in the “C” building
- Remodeled the boys and girls locker rooms

Demolition to Auditorium

- Started demolition on the old auditorium
- Started construction on the auxiliary gym
- Started construction on new S.T.E.M. lab
