

SPECIALIZED SOLUTIONS GROUP

MCCARTHY ATLANTA 2727 Paces Ferry RD SE, Atlanta, GA

Serving project needs for healthcare providers across the Southeast.

NATIONAL REPUTATION AT THE LOCAL LEVEL

For more than a century, McCarthy has been the builder of choice for healthcare. No other national construction company has been building hospitals longer. **That wealth of experience certainly applies to Atlanta, where we've been exceeding expectations for healthcare projects for over 30 years.**

Now we're using our expertise to better serve the specific project needs of healthcare facilities and surrounding premier institutions. We know the key to any facility renovation or build-out is being able to keep all your services running smoothly and safely while construction progresses. That's the certainty you get with McCarthy's Specialized Solutions Group.

WHAT IS THE MCCARTHY SPECIALIZED SOLUTIONS GROUP (SSG)?

- » Designated client team focused on healthcare renovation and build out work on your campus
- » Projects range from <\$1 million to \$10 million
- » Healthcare Construction Certified (HCC) and Certified Healthcare Constructor (CHC) teams
- » Extensive resume of healthcare demolition and renovation experience

Facility Operations Integration

As a true builder, McCarthy brings a heightened understanding and greater control over virtually any type of construction project. We're ready to work in sync with your Facility Operations regarding procedures, protocol and construction in key areas where prior experience makes all the difference. A few of those projects include:

- » Imaging rooms - MRI, CT scan, Radiology, and PET/CT rooms
- » Nuclear medicine
- » Operating rooms
- » Cath labs
- » Endoscopy
- » Infusion therapy rooms
- » Urgent care facilities
- » NICU & PICU
- » PACU
- » Inpatient rooms
- » Clinics and offices
- » Pharmacies
- » Blood banks
- » Bone marrow transplant units
- » Burn units
- » Helipads
- » Emergency departments
- » Pathology
- » Morgues

McCarthy is an excellent construction management company. I continue to be impressed with their ability to deal with challenges and respond to the needs of our hospital. We are glad that they are on our team.

THE MCCARTHY ADVANTAGE

McCarthy understands the unique needs of healthcare facilities. Our strength is in our ability to precisely match those needs and provide the “specialized solutions” in completing the project, now matter how complex, with exceptional quality.

Customer Satisfaction

Whether it's an operating room, a laboratory, or a patient wing, no two projects are ever alike. With McCarthy, the results are one and the same: on schedule, on budget, with superior quality and safety, and minimal impact to your daily operations. That's the certainty you get in working with a true builder.

Contact McCarthy's Specialized Solutions Group for your next project. Together, we'll make a difference.

- » Extensive preconstruction expertise
- » Work safely in an operating facility
- » Manage and coordinate shutdowns
- » PICRA/ICRA/ILSM coordination & execution

WellStar West Georgia South Tower Addition
LaGrange, GA

The reason we hired McCarthy was because they are good listeners. They came in, assessed our challenges, and came up with solutions to meet our needs.
Jerry Fulks, President
