

ENVIRONMENTAL COMPLIANCE

LEADING WITH ENVIRONMENTAL RESPONSIBILITY

At McCarthy Building Companies, Inc. (McCarthy), our Environmental Program is the cornerstone of our sustainability and compliance efforts. Our dedicated environmental compliance team focuses on identifying and mitigating environmental risks.

They oversee initiatives, review program updates, and provide essential training to operations teams, ensuring all projects meet strict environmental standards that safeguard our commitment to sustainability and enhance the well-being of the communities we serve.

BUILDING A SUSTAINABLE FUTURE

McCarthy adheres strictly to all relevant regulations and permits to reduce our environmental impact. We also work closely with internal teams and external stakeholders to implement environmentally responsible practices, ensuring our clients receive sustainable solutions on every project.

Our commitment is to improve and continuously lead the way in environmental stewardship.

STRATEGIC ENVIRONMENTAL BENEFITS:

- Mitigating environmental risks and long-term liabilities
- Enhancing industry reputation and building community trust
- Reducing costs by avoiding fines, penalties, and legal claims
- Promoting sustainable practices across projects
- Providing comprehensive training and support for teams

Environmental Compliance Training: Enhancing Client Value

Our commitment to environmental compliance training equips teams to meet high standards, benefit clients, and foster sustainability across every project.

150+

REGIONAL TRAINING EVENTS

PRACTICAL ON-SITE SUPPORT:

- Supporting project teams in identifying and managing environmental risks
- Providing on-site education with signage and preventative measures
- Offering targeted training on stormwater, dust control, spill prevention, and hazardous waste management
